MEMORANDUM

MEMO TO: All holders of the Kentucky Division of Abandoned Mine Lands Standard Details and Technical Specifications

FROM: Robert F. Scott, Director *RFS*
Division of Abandoned Mine Lands

DATE: March 1, 2013

SUBJECT: 2013 Kentucky Division of Abandoned Mine Lands Standard Details and Technical Specifications

The Kentucky Division of Abandoned Mine Lands (DAML) has revised their Standard Details and Technical Specifications and will start implementing the new documents on March 1, 2013. The documents have been posted on our webpage <http://aml.ky.gov> for the public's use. Also we have furnished **Lynn Imaging** copies of those documents and they will supply those interested with a copy of those documents for a set fee. Contact information for Lynn Imaging is:

Phone: 1-502-875-8341 E-Mail: dcunningham@lynnimaging.com

The documents have been developed so when changes are made the revisions can be put into the binder and the old ones discarded. Changes will be posted on the web page as **Kentucky DAML Revisions**. Holders of these documents will be responsible to check our web page often to make sure they have the latest revisions.

Also on our webpage will be a document that references the old standard details and shows what details have replaced them. This will be helpful during the transition from the old documents to the new documents.
